COOL RIVER PROGRAM

NEARBY NATURE: SEEK & DISCOVER!

The smartphone app, Seek, is a great naturalist tool that can help you keep track of your observations, identify the species you observe, and learn more about what you find!

Learn more about Seek by iNaturalist here: https://www.inaturalist.org/pages/seek_app

We'd love to hear what you find!
Share your observations with coolriver@sandiegoriver.org!
